Summary

I'm a software developer with a strong desire to help people. I have a long history working in customer service positions in the restaurant industry and have developed a talent for figuring out what people need and how to deliver it to them.

When I'm not writing code for school, I'm learning something new , playing board games with my husband or out hiking with my family and dogs.

If you'd like to learn more about me feel free to send a message , I am always willing to help .

Skilled in C#, ASP.Net API development, Teamwork, and Communication
